WELCOME TO 9 MOUNTAINS

Our mountain metaphor perfectly reflects our approach - providing a structured, scalable path to success, tailored to your organisation's size and goals.

WHY 9 MOUNTAINS

Your charity exists to solve a problem. Once it's solved, the journey is complete. Without a clear goal, you can't map the best path.

Like a Sherpa leading climbers, 9 Mountains guides charities toward your ultimate destination: the 9th Mountain.

THE FIRST 8 MOUNTAINS

Your charity needs a solid foundation to reach its full potential. Our eight mountains provide the key services your charity needs to succeed.

STRATEGIC PLANNING

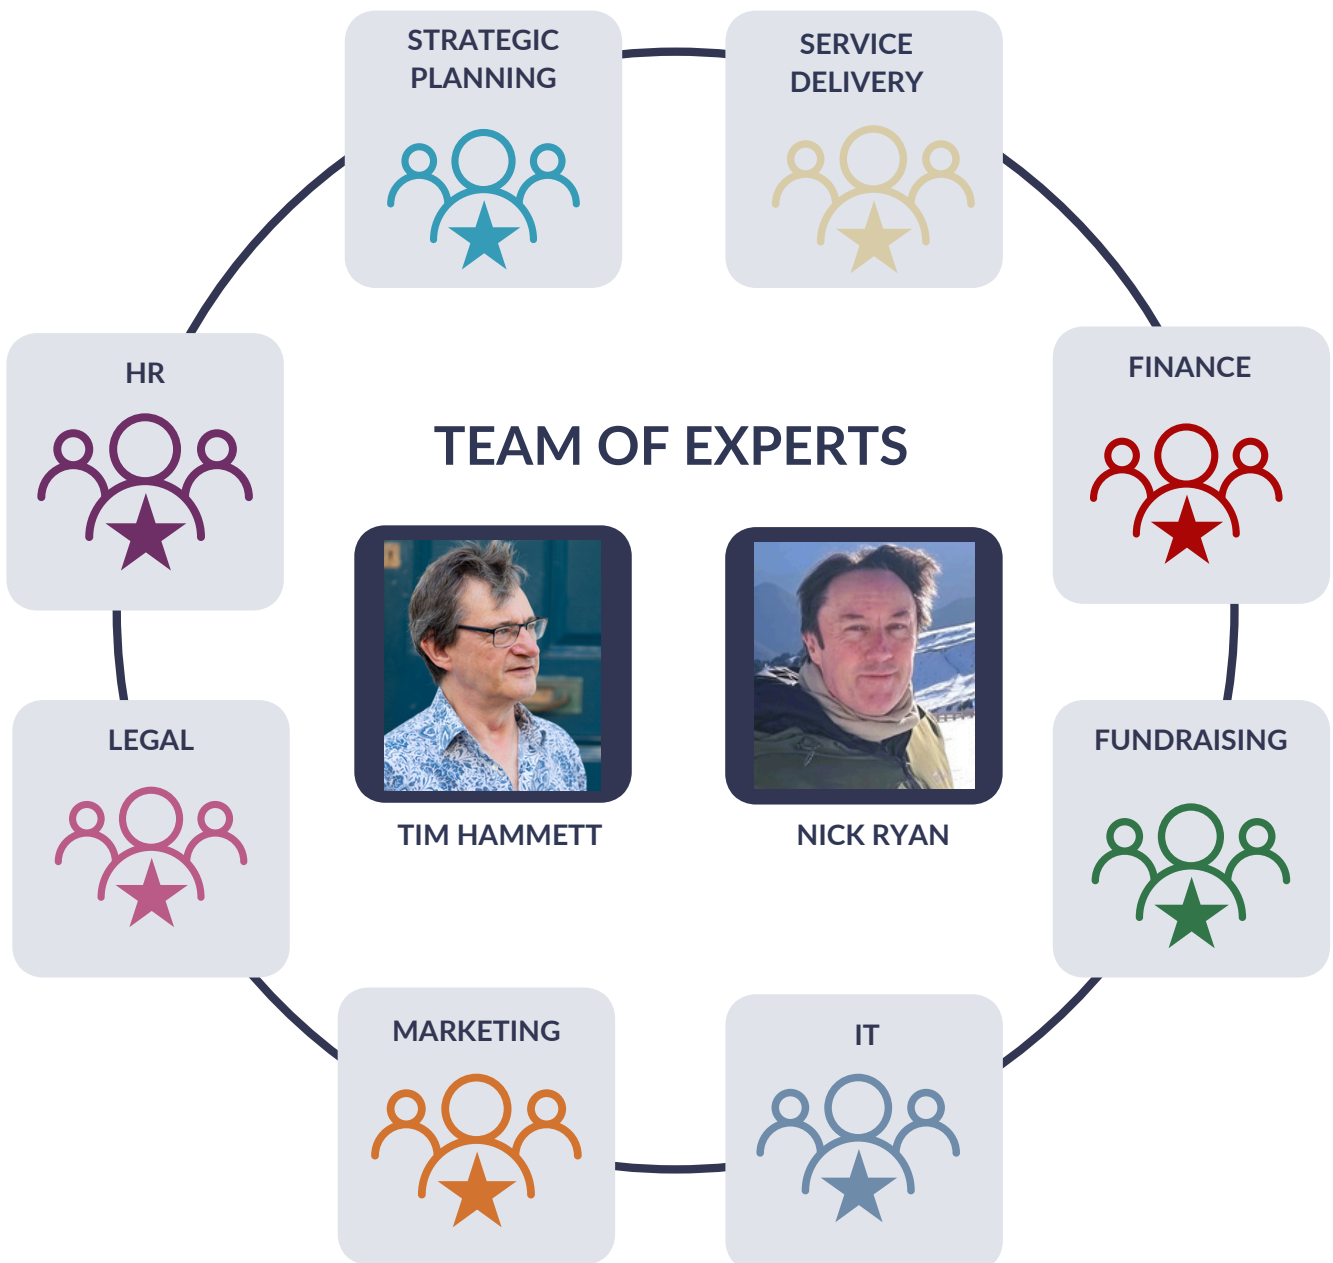

LEADING YOU TO THE 9TH MOUNTAIN

Mastering these areas leads to the 9th Mountain - your ultimate goal. Whether scaling impact, solving a major issue, or driving lasting change, we provide the strategy, expertise, and hands-on guidance to help you reach the peak.

BEHIND 9 MOUNTAINS

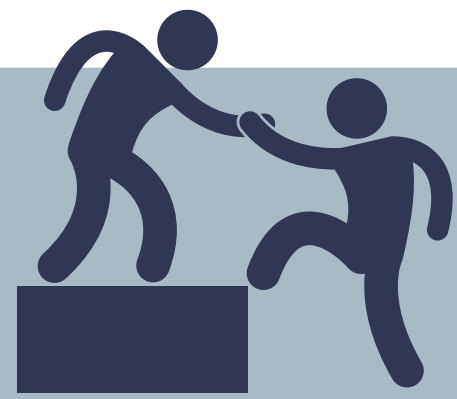

THE TEAM THAT WANTS TO SEE YOU SUCCEED

Nick Ryan and Tim Hammett founded 9 Mountains to give small and medium-sized charities the same opportunities as larger ones, ensuring they get the support they deserve. With expertise in all aspects of charity management and operations, they are committed to creating real impact. To provide the best for your charity, we have handpicked teams of experts to support your journey.

OUR PRINCIPLES

WHAT SETS 9 MOUNTAINS APART

9 Mountains was founded to help charities achieve the success they deserve. Years of experience enables us to see innovative ways forward. We reject one-size-fits-all solutions as every charity will have a unique path to their summit. This is why our work is guided by our three core principles:

EXPERTISE THAT MATTERS

- 1 We use our knowledge to work alongside you and take some of the strain off your shoulders. We don't just advise, we do the work for you.

ECONOMIES OF SCALE

- 2 You won't have to rely on one person with limits in skill, time, and efficiency - you'll get a full team of experts, maximising impact.

PAY AS YOU GO MODEL

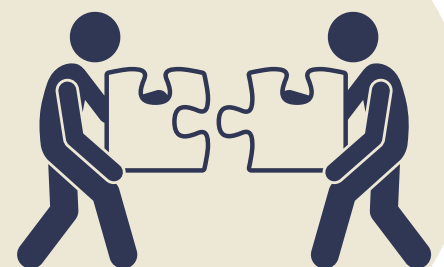

- 3 You only pay for the services you need, offering flexibility, cost control, and scalable support without long-term commitments.

MEETING YOUR EXACT NEEDS

BESPOKE SUPPORT FOR YOUR PATH

Not every climb requires top-of-the-line equipment - we'll equip you with the right tools for the terrain ahead.

We tailor our support to your charity's unique journey. You won't be sold an expensive, unnecessary setup. Instead, we provide precisely what you need to reach your next peak efficiently and sustainably.

A BETTER ROUTE TO SUCCESS FOR SMALLER CHARITIES

WHY ECONOMIES OF SCALE WILL HELP

Smaller organisations often struggle to match the productivity of bigger charities as they lack size. Often, one person is responsible for a entire function, like marketing or fundraising.

Small and medium-sized charities spend 35-38% of their income on grant applications and other admin tasks, compared to big charities who only have to spend 16%.*

The scales are not tipped in your favour.

WHY PAY-AS-YOU-GO BENEFITS YOU

Our pay-as-you-go model gives you expert access without overheads. As a virtual team, we offer specialist support without full-time costs. Pay only for what you need - no hidden fees, no waste. Scale up or down easily for expert guidance within budget.

Only 5%** of charities manage to grow beyond a million pounds worth of revenue, despite vastly more having a 9th Mountain goal that would cost much more than a million.

HOW OUR EXPERTISE HELPS

Smaller charities struggle to attract and afford top talent, and sector experts often hesitate to join them.

We give you access to our knowledge and expertise on your terms, so you can focus on creating real change.

65% of small charities struggled to recruit volunteers in the past year—up from 58% the year before.

In contrast, only 42% of large charities faced the same challenge, a decrease from 51% the previous year.*

WHEREVER YOU'RE STUCK, WE'LL FIND A SOLUTION

Over time, we've developed solutions to the most common roadblocks, shaping the principles that guide our work. If you're facing something different, we'll work with you to find a solution that fits.

Whatever's in your way, no matter how steep the climb, we're here to help you move forward.

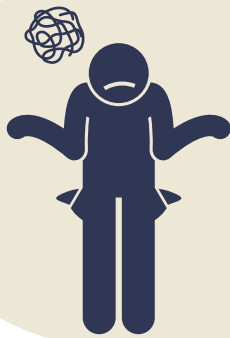

WHAT'S GOING WRONG?

COMMON PROBLEMS

YOU'RE STUCK IN A LOOP BECAUSE YOU LACK CLEAR DIRECTION

9 Mountains helps you define your ultimate goal - the 9th Mountain, and map a clear path to get there. With expert guidance and tailored support, we break the cycle and set you on track for success.

YOU HAVE BIG AMBITIONS BUT A TIGHT BUDGET

Many charities can't afford costly consultants who vanish after giving advice. That's not us. We provide a team around your needs, giving you expert support without wasting resources.

YOU'RE TAKING ON TOO MUCH, AND IT'S STARTING TO TAKE A TOLL

We provide expert support you can trust - ensuring tasks are handled professionally, efficiently, and to the standard you expect. By sharing the load, you free up time to focus on strategy, leadership, and making an even bigger impact.

YOU'RE ON THE RIGHT TRACK, BUT PROGRESS IS TOO SLOW

We quickly identify what's holding you back and put expert hands on the problem - removing roadblocks, adding resources and getting things done. No endless strategising, just real action to keep your charity moving.

OUR MOUNTAIN RANGES

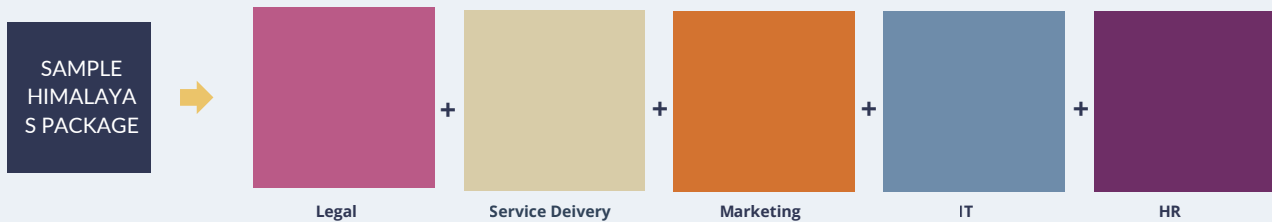

MIX & MATCH SERVICES: TAILORED TO YOUR CHARITY'S SIZE

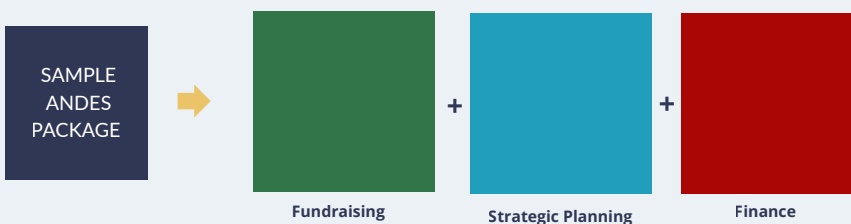

Our flexible block system allows you to mix and match services from any of our Mountain offerings.

Below are examples of three package options, each tailored to one of our Mountain ranges: the Himalayas, Andes, and Alps. These ranges group charities by size and turnover, allowing us to provide support that matches their specific needs.

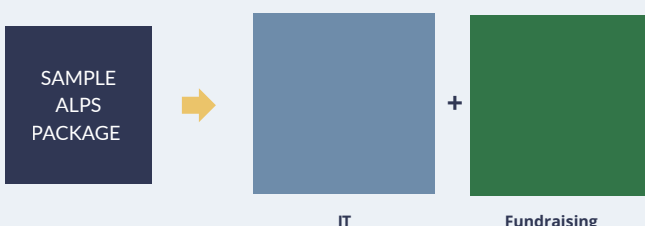

THE HIMALAYAS: Designed for charities with turnovers exceeding £10 million, where the focus shifts to leveraging scale for maximum impact, governance excellence, and pioneering initiatives.

THE ANDES: For charities with turnovers between £1 million and £10 million, emphasising optimising operations, strategic investments and preparing for the complexities ahead.

THE ALPS: Tailored for charities with a turnover below £1 million, focusing on essential investments, scalability and cultivating an ambitious growth strategy.
